ANNOUNCING A BETTER WAY TO MANAGE YOUR CONTACTS

Stop typing business cards. Start building relationships. QuickContact instantly digitizes business cards into organized, searchable contacts —so you can focus on what matters.

HIGHLIGHTS: ○ ○ ○ ○

- Scan cards in seconds with AI-powered, dual-layer OCR
- Organize contacts by category, company, or custom tags
- Export to email, CSV, vCard, or your CRM (with custom integration)
- Never lose a lead again - automatic cloud backup
- Works offline, syncs when you're back online
- Share contacts instantly via QR code or email
- Built for mobility - install as a PWA directly on your phone
- Try for FREE - use the system for 14 days then upgrade to one of 3 paid plans without losing any contacts
